

CONCEPT NOTE ON RAJIV GANDHI CRECHE & BAJSS CRECHE AIDED BY CENTRAL & STATE SOCIAL WELFARE BOARD

Introduction of CSC:

Community Seva Centre is a social service organization serving for the poorest of the poor in the villages of Ariyankuppam Commune in Pondicherry UT and Kalvarayan hills in TamilNadu since 1993, covering nearly 64 surrounding villages. We are working for child development from 0-19 Yrs, Immunization, nutrition, breast feeding, pre-natal and post-natal care are given for mother and child.

Community Seva Center is running 23 creche center with the aid of Central and State Social Welfare Board for the sake of Health and Education for under 5 children since 2004. Through this program 575 children's are benefiting through education and regular supplementary feeding.

About State Social Welfare Board

A total of 33 State Social Welfare Board are functioning in each state capital and union territory of the country with an object to implement various schemes for the welfare and development of women and children through registered voluntary organisations. The State Board is headed by a non-official Chairperson who is a renowned woman social worker of the State. The State Board Members are nominated on the Board by Central Board and State Government in the ratio of 50:50. These Members normally represent each district of the State.

Concept Note of CSC about Rajiv Gandhi National Creche & BAJSS Creche:

Rajiv Gandhi National Creche & BAJSS Creche Scheme of Central & State Social Welfare Board is the timely provision of a range of services that promote the survival, growth, development and protection of the young child.

The focus of the Rajiv Gandhi Creche National Creche and BAJSS Creche Scheme had been on the cognitive development of the child through establishment of Creches in different 33

states to take care of children whilst their parents go out to work. The Ministries of Education and Employment and Social Welfare have had joint responsibilities for these early childhood facilities because of the welfare/care and educational needs of children. The new approach of Rajiv Gandhi Creche scheme at CSC is to formulate comprehensive policies and programmes for children from

birth to age eight, their parents and care givers. This is with the aim of protecting the child's rights to develop his or her full cognitive, emotional, social and physical potential. This relatively new approach promotes and protects the rights of the young child to survival, growth and development.

Aims & Objectives of CSC:

To Take care the children whose parents go to work.

Goal:

The broad goal of this scheme is to promote the survival, growth and development of all children .

Brief Note on the Daily Activities:

Intake:

The Children are been brought by the parents to the creche with different mode of transport. If the parents don't bring the children, the care taker or the teacher will visit the home and bring the children to the creche.

Morning Prayer:

The children are been spiritually trained. They start the day with a small prayer and a prayer song. The basic concept of doing this is to grow up the child with religious concept.

Teaching Action Songs and Stories

The teacher will take classes in a very practical way which could a child can understand. The teacher use objects and materials an easy method of learning like teaching stories and song through action.

Rapport Building:

The parents will arrive to creche to leave their children in the morning. Meanwhile the teachers talk with the parents and have a sound rapport with them. Teachers enquire the child's approach at home the way they been treat by others.

Cooking:

The caretaker cooks food for the children. They were been provided good infrastructure and the raw facilities for cooking. Those facilities are been measured for the safety of the children. The caretaker cooks lunch and the refreshments in the evening for the children. Each and every month the stocks of groceries will be informed to the concern and been rectified.

Games:

The children are taken out of the building to teach games and make them to be refreshed in the day time. Each creche where been provided games kid and sufficient materials to play and to enjoy. This makes them to have a clear attitude and aptitude in learning. Through this game they are also been given muscular exercise.

Lunch:

The children are been provided nutritional food and fed in time. The groceries are been purchased in time and from good shop. The diet procedures been professionally monitored by the doctor.

Respite:

After the lunch the children are given a time to sleep and relax themselves. This makes the children to be healthy and have a body relaxation.

Refreshments:

Nutritional grams and snacks are given to the children for the refreshment which gives healthy stamina. The basic idea of this provision is to bring the child into practices of eating nutritional diet.

Evening Preparation:

The children were treated very sensitively and taken care. The teacher and the caretaker plays a role of a mother while these children being in the crèche. In the evening the children been dressed up and refreshed to go to home.

Good Evening...

In the evening around 4pm the parents come to the creche and take their children to the home. As a whole the teacher and the caretaker put their own effort to bring the child in good and take care of them very professionally.

Medical Assistance:

There is regular medical checkup for the children in the creche. The Community Seva Centre's doctor goes in rounds for each and every creche in a structured schedule. A report about the health aspects of the children will be submitted to the concern.
